

Welcome to the Texas Association of Builders

TexasBuilders.org

Founded in 1946, the Texas Association of Builders is an affiliate of the National Association of Home Builders and has 26 local home builders associations and nearly 10,000 members across Texas. Representing **over 758,000 jobs** and more than **\$71.5 billion** annually in the Texas economy, our members and the state and local associations play a critical role in providing housing for Texans.

The TAB leadership and staff are here to serve you and are always available to learn how we can enhance your membership experience, help find solutions, and provide great value for your dues commitment. Visit TexasBuilders.org/about-us/leadership.

TAB's advocacy efforts may be the most important service that your association provides. We are dedicated to creating a positive business environment for the housing industry by addressing the housing issues of the people of Texas.

- For every \$1,000 increase in the price of a new home, 22,000 households are priced out of the homebuying market.
- TAB's advocacy efforts on the state level potentially save \$15,000 per home start.

That's why it's important that we work together for the industry as a whole to ensure that homebuilding is not unduly burdened with taxes, fees, or regulations, so that we can help to keep housing attainable and affordable for everyone.

“We are the building industry.”

Government Relations and Advocacy

HOME PAC

texasbuilders.org/government-affairs/homepac

TAB's political action committee, HOME PAC, is an essential part of TAB's advocacy program. HOME PAC maximizes political contributions by association members by supporting pro-housing candidates and incumbents for both statewide office and the Texas Legislature. It is through voluntary contributions that HOME PAC can help preserve a positive political climate for the residential construction and development industry in Texas. Without HOME PAC's participation, decisions affecting the future of the residential building industry will be influenced by other industries and groups, many of whom represent interests directly opposed to our own.

TAB's Grassroots Advocacy Center

Your participation in Voter Voice gives you immediate access to decision makers to support the Texas Association of Builders government relations efforts and enables TAB's legislative team to implement a coordinated communication and grassroots advocacy campaign through email, e-newsletters and action alerts. You can easily participate in the legislative process by signing up for alerts at **texasbuilders.org/government-affairs/tab-advocacy-center**

Rally Day

TAB's Rally Day occurs in odd-numbered years when the Texas Legislature is in session. This is a great opportunity for you to meet as a group with your elected State Senators and Representatives to talk with them and educate them on TAB's legislative agenda.

In 1992, TAB launched the Star Awards, the only statewide tribute to excellence in the homebuilding industry. The Star Awards showcases the outstanding work of builders, remodelers, architects, designers, sales professionals, marketing professionals, construction professionals and industry leaders in Texas. The Star Awards are held in conjunction with the Sunbelt Builders Show™ and the Texas Association of Builders summer meetings. An evening event, the awards presentations are preceded by a cocktail reception. **TABStarAwards.com**

TAB's Excellence under 45 Awards program was developed by the TAB Young Professionals Council to highlight and reward young professionals that have committed their time, efforts and careers to the Texas building industry. The recipients are honored for their hard work, early career milestones, and dedication to the growth and prosperity of our industry. The Excellence under 45 Awards are presented during the Star Awards celebration.

The Texas Housing Hall of Honor celebrates men and women who have made significant and lasting contributions to the Texas housing industry. Inductees are selected annually from the categories of: builders, developers or remodelers; trades professionals and suppliers; government; and industry-allied professionals. Nominees are inducted into the Texas Housing Hall of Honor at the black-tie Excellence in Leadership Dinner held the evening before TAB's fall Board of Directors Meeting.

The Texas Association of Builders "Of the Year" awards are given annually to honor exemplary service and leadership to the homebuilding industry by its members. The "Of the Year" awards are presented during TAB's Excellence in Leadership Dinner that is held the evening before the fall Board of Directors Meeting. The categories are: J.B. Sandlin Builder of the Year; Developer of the Year; Associate of the Year; Philanthropist of the Year; Ted Schlossman Lifetime Achievement Award; and Local Association Accomplishment of the Year.

TAB's senior leadership recognizes members who have provided outstanding service to the Texas Association of Builders by awarding them with a Presidential Distinguished Service Award. These honorees may have, for example, spent hours testifying before House and Senate Committees during a Legislative Session, worked with staff on a special project, serving as chairman of a committee whose work was exceptional, or a local home builders association or HBA executive officer whose leadership resulted in an innovation that could be a model for other HBAs in Texas. The distinguished service awards are presented during TAB's fall Board of Directors Meeting.
