Sunbelt Exhibitor Testimonials

Collected in Sept. 2018

“The Sunbelt Builders Show is always a staple on our company calendar of “must attend” events. Each year we have such a great time meeting new builders and reuniting with current clients. As an exhibitor, it’s an excellent forum to carve out time to reconnect with our clients across Texas. TAB staff makes the exhibiting process so easy. From setup to tear down, they are there every step of the way. You will not find a more professional conference experience than what you’ll get at the Sunbelt Builders Show.”

Beth Champion, Fox Energy Specialists

The 2018 Sunbelt Builders Show was the best ever and I have attended many of them over my 40 years in the business. Lots of great displays and quality vendors, and so many attendees that we were unable to stop for lunch either day. Both days were busy, in fact, so busy that I was unable to leave early on the second day as I had originally planned. People were still shopping the vendors as the booths began to come down at 3:01 PM. Great job TAB staff!

Lee Kirgan, Operation FINALLY HOME

2018 Sunbelt Builders Show was a seriously great show for the vendors and attendees. Great displays, quality vendors, and loads of interested shoppers! Great educational seminars, too. Two packed days and so much to see and do. TAB may have to consider a third day of exhibits!

We've been a Sunbelt exhibitor for many years and keep coming back because of the high value we get from it. This is the one show where all the building-industry decision makers gather for education and networking. In a state as big and diverse as Texas, it's a real challenge to stay on top of all the issues builders are dealing with. When we come to Sunbelt, it's a one-stop-shop for connecting with customers, having dialogue about how we can help, learning about legislative and code updates, and seeing all our industry partners and friends.

Jeremy Parker, Sales Director of Covestro LLC

The Sunbelt Builders Show™ has quickly become a top priority in our marketing budget over the past few years. Each year, we make new contacts and collect solid leads that convert into valuable business relationships. Exhibiting at Sunbelt has been such a great investment for us!

Michelle Rozier, Marketing Manager of James Martin Furniture

We see the builders and suppliers, we are trying to reach, all in one place. If you want to do business in the Sunbelt area (and who doesn't), this show is a must. Way too much construction going on here to ignore.
